Full Stack Software Developer – Marketing Operations Agency

CRMT is a Marketing Operations Consultancy – a hybrid agency combining best-practice consulting, system integration and digital campaign services that's metric-driven, process-minded and very tech-savvy. We sit plumb between marketing, sales and IT and work with business leaders to maximise the investments they've already made in people and technology to drive marketing effectiveness and efficiency.

Your responsibilities will include:
- Participating in technical requirements gathering and technical design sessions
- Producing technical design documents
- Development and support of both client and in-house systems and tools
- Prompt and complete resolution of issues
- Participating in the management, development and execution of test plans, ensuring quality solutions are delivered

In order to be considered for this role you must have the following skills:
- 3+ years or more experience building and deploying web and mobile-web products in a Software-as-a-Service (SaaS) environment
- Skills in back end technology
  - Very Strong C#
  - ASP.NET
  - MVC
  - Razor
  - SQL
- Skills in front end technology
  - Very strong HTML, CSS, JavaScript
  - jQuery
  - AngularJS
- CMS (Content Management Systems) such as Umbraco
- Rest API
- Kendo UI
- Be a self-starter while being able to recognise the limitations of your expertise and seek the support of the team when appropriate
- Be a strong team player, with an enthusiastic/proactive/flexible approach to getting jobs done, and be able to keep calm under pressure
- Ability to manage and prioritise workloads whilst also adapting quickly and intelligently to changing demands
- Have a keen attention to detail, and excellent organisational skills
- Have clear communication skills, in person, written and on the phone
- Be keen to learn and have an inquisitive mind

Other skills/qualities which would be an advantage are:
- Skills in PHP
- Eloqua or Marketo experience
- Experience of CRM systems, eg. Salesforce, MS CRM, Oracle on Demand etc.

- Experience in being a team lead
- Degree educated or equivalent experience

Remuneration: Competitive salary and benefits commensurate to experience

If you are interested in this vacancy, please send your cv to hr@crmtechnologies.com. Please make it clear which vacancy you wish to apply for and let us know why you think you would be suitable.
